FAITH

Having faith about the future vs. fear of the unknown.
Important to understand the historical world macro-economic perspective and the power of capitalism.
(abundance vs scarcity)

PATIENCE

Important to not ask “what’s working now?” Ask, “what has always worked over time?”
“It always works, but it doesn’t work all the time. Sometimes we need to wait.”

*Nick Murray

DISCIPLINE

Must maintain self-discipline to not follow impulses. *
Enjoy the value which can be realized following a long term disciplined and systematic investment process, coupled with confident professional advice and leadership.

* Resource Strategies, Inc. identifies at least 13 distinct biases that challenge one’s investment self discipline.
